EVENT REPORT

1	Name of the Event	Science Day Study Visit at SPPU
2	Day & Date of the Event	Saturday 28/02/2026
3	Time of the Event	9:00 am to 4:30 pm
4	Venue of the Event	Savitribai Phule Pune University, Pune
5	Description	<p>(a) Introduction, Theme & Significance:</p> <p>Introduction: On the occasion of National Science Day, students visited Savitribai Phule Pune University to enhance their scientific knowledge and gain exposure to research activities. National Science Day is celebrated every year on 28th February to commemorate the discovery of the Raman Effect by Sir C. V. Raman. The visit aimed to develop curiosity and scientific awareness among students.</p> <p>Theme: The theme of the visit focused on promoting scientific temper, innovation, and research awareness through practical exposure and academic interaction.</p> <p>Significance: The visit provided students an opportunity to explore the historical background, infrastructure, laboratories, and research environment of the university. It encouraged interest in higher education, scientific research, and innovation.</p> <p>(b) Conduction, Activity:</p> <p>The students assembled at the JSPM college campus at 9:00 am. At 9:15 am, the bus proceeded towards Savitribai Phule Pune University, and the group reached the campus at 10:15 am.</p> <p>The visit began with a Heritage Walk, where students received detailed information about the history and establishment of the university from the History Department students. They learned about the architectural and academic legacy of the institution.</p> <p>After completing the Heritage Walk, students toured the Main Building and visited the university museum. They observed historical documents, photographs, and artifacts that</p>

highlighted the university's rich heritage.

At 12:00 pm, the group visited the Chemistry Department and attended a science exhibition. Students observed various experiments and live demonstrations conducted by faculty members and researchers, which enhanced their practical understanding of scientific concepts.

Later, students moved towards AUCCA (Astronomy and Astrophysics University Centre for Cosmology and Astronomy). There, they attended an exhibition and a lecture on polarization, gaining knowledge about stars, space science, and astronomy.

After completing the AUCCA exhibition and lecture, the group boarded the bus at 2:30 pm and reached the college campus at 4:30 pm, concluding the visit successfully.

At the end of the visit, a vote of thanks was delivered by **Shravani Darekar**, expressing gratitude to the History Department students who guided the group throughout the heritage walk and provided valuable information about the university. The guidance and support made the visit more informative and memorable.

(c) Students Participation:

A total of **30 students** participated in the Science Day visit. Students actively engaged in the heritage walk, museum visit, chemistry exhibition, and AUCCA lecture. They showed enthusiasm by asking questions and participating in discussions.

The visit helped students:

- Gain practical exposure to scientific experiments.
- Understand the historical and academic importance of the university.
- Develop interest in astronomy and space science.
- Encourage scientific thinking and research orientation.

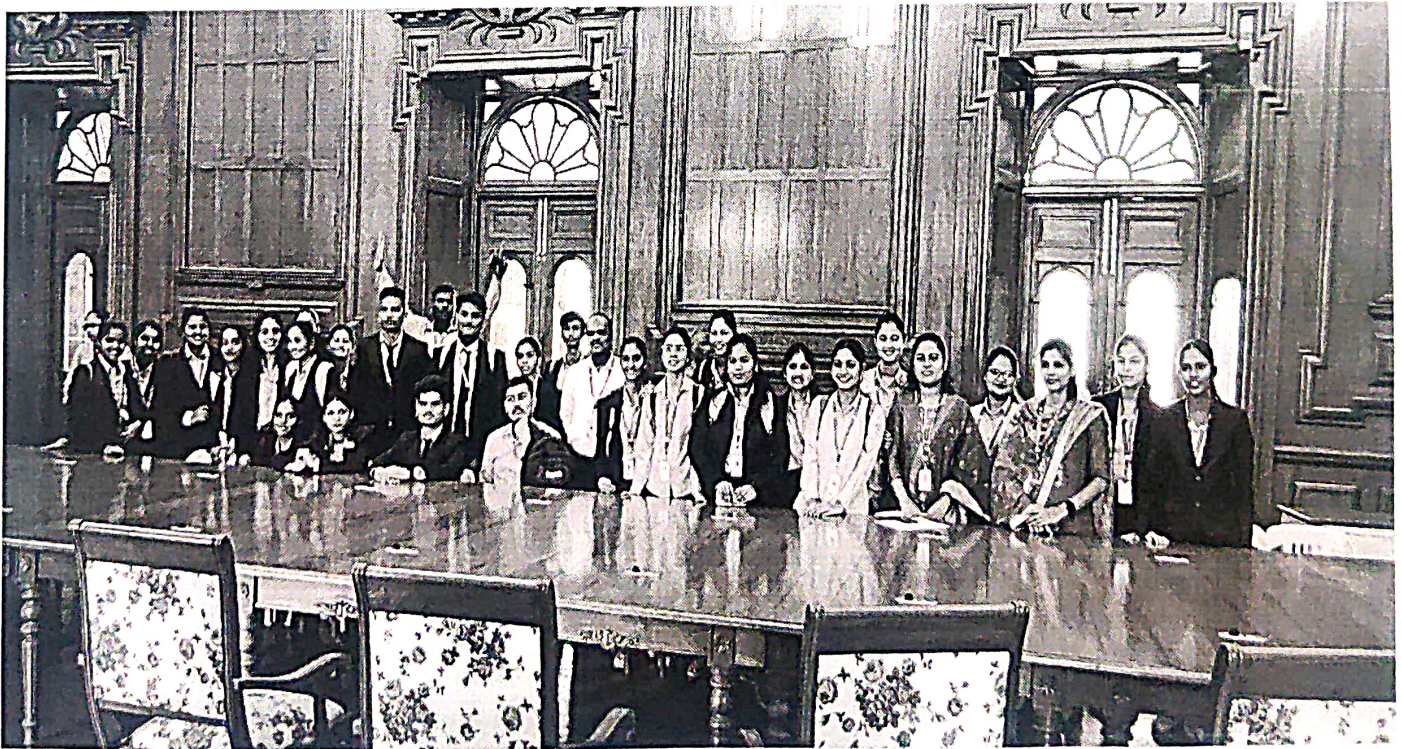

Overall, the Science Day visit was informative, educational, and inspiring for all participants.
